The Bryan Rapson Collection

Even a casual perusal of this catalogue will quickly reveal the scope and complexity of this outstanding British Commonwealth collection. Not content with acquiring mint examples, Mr. Rapson also embarked on forming used collections of each country.

A collector for several decades, as evidenced by the illustrated first day cover that he mailed to himself in 1947, Bryan was a dedicated collector and we are proud to bring his collection to auction.

Interestingly, his stamps were never written up on album pages, but instead were meticulously stored in tiny glassine envelopes. Several small journals were kept to record his philatelic purchases over the decades. Reading the names listed provided a fascinating who's who of the important dealers and auction houses that supplied stamps to him over some seventy years.

Bryan had a knack for picking elusive items in above average quality. Some countries became favourites, easily seen as you study the pages in this catalogue. Falklands, Australia, Rhodesia, and of course Canada and Provinces are just a few examples.

If you are thinking about embarking on a new country or if you are a dealer looking for stock, please pay careful attention to the large lots section at the end of this sale. These lots are conservatively estimated and provide a great opportunity to purchase quality collections at reasonable prices.

Our general sale, which will also be held in October 2013, will be mailed to you in September. This sale will be one of our largest ever. Some of the many highlights include:

- The Vic Willson exhibit -- Canada Non-Letter Rate Postal History
- The J. J. MacDonald exhibit -- Nova Scotia "Across the Waters" Mail
- Part 2 of the "Phillips" Canadian Admiral Issues
- The "Bessemer" collection of Canadian Admiral Issues
- An outstanding specialized 5-hole O.H.M.S. collection
- Strong sections of Newfoundland and Provinces
- Extensive early Canada from Pence to Small Queens and beyond
- A fabulous group of Small Queen Issue covers
- Rarely seen printing errors
- Imperforate pairs virtually complete from 1880s to 1940s

So whether you are a collector of Commonwealth or BNA, I'm sure you will find some desirable lots for your collection. Good luck with your bids!

**END OF AUCTION
THANK YOU**

THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THE CONDITIONS OF SALE

BIDDING

1. All bids are per lot, as numbered in the catalogue. Eastern Auctions Ltd. reserves the right to withdraw any lot prior to sale, to divide a lot or to group two or more.
2. The highest bidder shall prevail at one advance over the next highest bid. Should a dispute arise between bidders, the decision of the auctioneer as to the successful bidder or the re-offering or resale of the lot in dispute shall rest entirely in the judgment of the auctioneer. **On all lots sold a commission of 15% on the hammer price will be payable by the buyer.** The auctioneer shall regulate the bidding and reserves the right to refuse any bid believed by him not to be made in good faith.

PAYMENT FOR PURCHASES

3. **U.S. funds are acceptable only at the equivalent amount shown on the invoice.** Visa, MasterCard and Paypal are accepted at a charge equal to 3.5% of the hammer amount. Please include the information on your bid sheet.
4. Payment for lots, including those on which opinions are desired under Condition of Sale 8, shall be made as follows:

A successful mail bidder will be notified of lots purchased and must remit before the lots are sent. A person known to us, or who furnishes satisfactory references, may at our option have purchases forwarded for immediate payment. Delivery will be to the address on the bid sheet. Proof by receipt of sending at the advised address shall constitute delivery. Postage and insurance are payable by the buyer.
5. Title shall not pass to the buyer until Eastern Auctions Ltd has received full payment.
6. Buyers agree to pay for lots as specified above and no credit is extended, a late payment charge of 2% per month is added to overdue payments, minimum \$5.00.

QUALITY AND AUTHENTICITY

7. Each lot is sold as genuine and correctly described based on individual description as modified by any specific notations in this catalogue including (but not restricted to) “Key to Cataloguing”.
 - (a) **QUALITY.** Any lot, description of which is incorrect, is returnable within forty-five days from closing date of auction. If the opinion of a mutually acceptable authority is desired, this period will be extended as noted in Condition 8. All disputed lots must be returned intact in the condition received. Photographed lots are not returnable on account of centering or perforations. Lots containing more than twenty stamps, described “as is”, or described as having faults are not returnable for any reason. Bidders who have had an opportunity to examine the lots prior to the sale may not return the lots.
 - (b) **AUTHENTICITY.** Any lot, which is declared other than genuine by a mutually acceptable authority is returnable, provided the lot is received within a period of four weeks from the date of the auction. Proof that a “mutually acceptable authority” declines to express an opinion is not normally grounds for the return of a lot.
 - (c) Returns must be made by registered mail.
 - (d) Lots marked or encapsulated by an expert committee are not returnable for any reason.
 - (e) Lots accompanied by an existing certificate are not returnable.

EXTENSION OF TIME

8. When an opinion from an acceptable authority is necessary, the buyer shall:
 - (f) Submit the lot without delay to either; (1) the Vincent Graves Greene Foundation or Sergio Sismondo for Canada and British North America; (2) Sergio Sismondo, British Philatelic Association or the Royal Philatelic Society of London for British Commonwealth; (3) Sergio Sismondo for Foreign and (4) PF (Philatelic Foundation) for United States.
 - (g) Ensure that advice in writing to this effect be received before the auction.
 - (h) Remit in full for the lot. The buyer shall be reimbursed in full for any lot declared other than genuine.

EXPENSES OF CERTIFICATION

9. Expenses shall be borne by the buyer except where the lot is other than as described and is returned within the conditions set forth above. Our responsibility is expressly limited to:
- (a) The actual cost of the opinion if up to \$30.00 or less, or
 - (b) The cost of the opinion up to 5% of the sale price but not exceeding a maximum of \$100.00.
 - (c) We are not responsible for expenses on the return of any lot.

SALES TAXES

10. Canadian residents will be charged GST or HST as appropriate for their mailing address. Foreign residents are liable for GST only on the buyer's premium.

◆	Graded Stamp	CDS	Circular Date Stamp	L	Literature

CONDITION

The various grading of stamps are in order; **Extremely Fine; Very Fine; Fine and Very Good.** In the case of sets, large blocks, sheets, etc., the condition quoted represents the average and quality above and below this standard can be expected.

Mixed condition: in large lots, a range of condition can be expected, from small faults to Very Fine.

GUM

NH	Never Hinged – with full original gum in Post Office state and unmounted.
LH	Lightly Hinged – with full original gum showing some evidence of a previous hinge.
OG	Original gum – showing some evidence of a previous hinge, a portion of which may still be present.
Part OG	Part original gum.
Unused	Unused without original gum, or regummed.
Ungummed	Without gum as issued.

A NOTE ON HINGING

Bidders are reminded that, in accordance with industry standards, hinging is not described with respect to used stamps or stamps and proofs that were printed without gum. Hinging on these items is irrelevant to their condition and value. If hinging is important to you in such cases please contact us before bidding and request further information. **We will not accept the return of used stamps or ungummed items due to hinging.**

Hinging on mint stamps is always disclosed, however, never hinged status should not be expected unless specifically stated “never hinged” or “NH”.

ESTIMATED VALUES

If an estimated cash value is given, it is shown in the description and always indicated by the abbreviation “Est.”. It is used where the lot is large or where the actual value has little relation to the catalogue price. **It represents the auctioneer’s appraisal of the true CASH value of a lot and the figure is invariably close to the actual realization.** It is useless for mail bidders to list any bids that are only a low proportion of such estimates.
